Career Objective

Seeking a challenging position that will provide opportunities for career growth, advancement, and where I can make meaningful contributions to the company's success.

Educational Qualifications

Degree and Year of passing	Institute / University	Board	Marks / CGPA attained
B. Tech (CSE) 2024-28	Gandhi Institute of Engineering and Technology University, Gunupur	GIET University, Odisha-	7.68
+2 Science in 2024	Aaryan Gurukul Higher Secondary School, Berhampur	CHSE	79
10 th in 2022	S.P.M.R Bidya Pitha, Jaradagada	BSE	75

Training / Certification

- Python For Data Science by IBM
- Java Full Stack by GIET UNIVERSITY
- AI-ML virtual internship by EduSkill
- The Joy of Computing with Python by NPTEL • Introduction To Internet of Thing by NPTEL
- Blockchain tutorial Organized by IDS Inc.
-

Achievements and Extracurricular activities

- Awarded 1st Prize in debates and 2nd Prize in Essay in intermediate Fest 2023. • Have a Elite ranking in the Introduction to Internet of Things by NPTEL
- silver Badge in the IBM tutorial classes.
- Participated and was awarded school-level science and technical activities.
- Awarded as the Best Student during my Matriculation.
-

Technical Skills

- Python
- Data Analytics
- Data Structures
- Algorithms

Soft Skills

- Communication
- Leadership
- Time Management
- Teamwork
- Problem Solving

Internship Programs

Successfully completed a summer internship with Java Full Stack Development and AI-ML using Python.

Internship Project Details

Java Full Stack development at GIET University	Developed a full-stack web application for conducting online quizzes. Implemented secure user authentication, quiz management, score calculation, and result tracking using Java, Spring Boot, React.js, MySQL, and REST APIs.
AI & ML Intern At PreppRight	Developed a machine learning model to predict student academic performance using historical data. Performed data preprocessing, feature selection, model training, and evaluation with Python, Pandas, Scikit-learn, and Matplotlib.

Project Details

Name of the Project	Student performance prediction using robust regression techniques .
Language used	Python using Tensorflow Library
Description	Developed a machine learning model to predict student academic performance using robust regression techniques. The first step involved collecting and preprocessing student data by handling missing values, removing outliers, and selecting relevant features. The processed data was then used to train and evaluate regression models for accurate performance prediction. The project focused on improving prediction accuracy and providing insights to support educational decision-making.

Personal Details

Date of Birth	11/06/2006
Gender	Male
Father's Name	Mr. Surendra pradhan
Address	Abhayapur, Jarada Road, ganjam, Odisha.
Alternate phone number	8895928286
Language Known	English, Hindi, odia
Interests & Hobbies	Reading Books, Drawing

Place: Gunupur, Odisha
